Jio's 5G rollout to be fastest in the world, says Akash Ambani

FE BUREAU
New Delhi, February 28

RELIANCE JIO, INDIA'S largest telecom operator by market share, on Tuesday said it is on track to roll out 5G in every part of the country by the end of this year, and its 5G rollout will be the fastest in the world. "Jio is leading 5G network rollouts in the country with the world's largest stand alone network architecture that is uniquely suited to cater to the requirements of true 5G technology," said Akash Ambani, chairman of Reliance Jio.

"We are on the path to achieve the declared goal to increase the Jio 5G footprint month after month to other cities, towns, and talukas of various State/UTs, and are aiming to cover every town, every taluka, and every tehsil across the nation by December 2023," Ambani added.

Currently, Jio has launched its 5G service in 277 cities across the country, with the deployment of over 40,000 sites and almost 250,000 cells of 5G network in 700 MHz as well as in the 3500 MHz band. In case of the standalone mode, which Jio is using, the 5G network deployed is independent of the 4G network. According to experts, standalone 5G delivers faster and more reliable communications compared to non-standalone 5G.

"The impact on 5G that will have on India's growing economy is immense. There is no other technology that has given us various growth sectors like 5G has as a rapidly growing emerging economy India's uniquely positioned to take lead in the use of 5G technology," Ambani said.

During his speech, Ambani also talked about the use cases of 5G in sectors like healthcare, agriculture, education, smart cities, agriculture, entertainment, and office productivity. In the 5G auctions last year, Jio marched over its peers and purchased spectrum worth Rs 88,000 crore. In August last year, Reliance Industries chairman Mukesh Ambani said the company will invest Rs 2 trillion to build 5G network across the country.

According to ICICI Securities, Jio is expected to spend Rs 94,000 crore over FY23 to FY27 period on 5G rollout.

The impact that 5G will have on India's growing economy is immense. There is no other technology that has given us various growth sectors like 5G has.

AKASH AMBANI,
RELIANCE JIO CHAIRMAN

India to be fully 5G by Dec 2024: Vaishnaw

JATIN GROVER
New Delhi, February 28

IN LINE WITH the pace at which 5G is being rolled out in the country, there will be 100% coverage of 5G in the country by December 2024, communications minister Ashwini Vaishnaw said on Tuesday.

The statement from the minister assumes significance as telecom operators such as Jio and Airtel have launched 5G in 387 districts, with deployment of 100,000 base transceiver stations (BTS).

"We had promised India will achieve 5G coverage across 200 cities and districts by March 31 in the phase one. As on today, India has covered 387 districts

with 5G and 100,000 sites," Vaishnaw said, adding that India's 5G roll-out is one of the fastest in the world.

BTS is an equipment that facilitates communication between telecom network and consumer devices.

The reason for a faster pace of 5G coverage can be attributed to competition between the two telecom players for the market share, increased consumption of data with evolved technology use cases, and the easier right-of-way related permissions to lay telecom infrastructure.

"Today, 85% of the permissions to lay telecom towers are happening instantaneously. The average duration to approve (the telecom infra-related requests)

is 7 days, which was earlier 200 days," Vaishnaw added. When asked about the timeline for the next reforms for the sector, Vaishnaw said the immediate target is to get the telecom

We are working on all the inputs that we have received (on the telecom Bill)...we will be coming up with the final draft very soon.

ASHWINI VAISHNAW,
TELECOM MINISTER

bill passed in the coming monsoon session and that will lead to a major series of reforms in terms of spectrum, licences, and regulations. "We are working on all the

inputs that we have received (on the telecom Bill) from various ministries, industry participants, global bodies, and other regulators. We are taking all those inputs into consideration and we will be coming up with the final draft very soon," Vaishnaw said.

The government has also been focussing on implementing indigenous technology stack to rollout 4G and 5G services by BSNL.

On Monday, the telecom operator has deployed the country's first indigenous 'eNodeB' hardware which is a wireless base station that is used to carry communication between mobile and cellular networks with LTE or 4G technology.

"There is no delay (in offering tender by BSNL for procuring equipments). It is a very complex transaction...but the process has started yesterday," Vaishnaw said.

Currently, about 18 countries have shown interest in India's 4G and 5G stack.

During his address, Vaishnaw mentioned that India has won the Government Leadership Award 2023 by London-based telecom body GSM Association (GSMA) for implementing best practices in telecom policy and regulation.

"Indian telecom sector has emerged as a sunrise sector and the whole world has taken note of this rise," Vaishnaw said.

At 4.4%, GDP growth slips to 3-quarter low

The growth contraction in the pandemic-hit FY20 is now re-estimated at -5.8% (-6.6%), while the rate of expansion of GDP in FY20 has been revised to 3.9% (3.7%). Put simply, the cumulative average real GDP growth rate between FY20, the pre-pandemic year, to FY23 is now seen at 3.2%.

After all revisions, the nominal GDP in the current fiscal is now pegged at ₹272.04 trillion, slightly lower than the first advance estimate of ₹273.07 trillion, and up 15.9% on year (15.4%). This would mean the fiscal deficit for the year will be slightly higher at 6.45% compared with 6.42% in the revised estimate (RE), if deficit in absolute term is the same as the respective RE.

The latest data barely removes the uncertainty or pessimism over the growth momentum, though the growth compared with the respective pre-Covid level was higher in Q3 compared with Q2.

There aren't much growth drivers around other than the promise of sustained capex momentum by the Centre and companies owned by it and a modest consumption booster from the tax reliefs to the middle class in the Budget.

Even the state governments slowed the capex pace in H1 and the jury is out on whether they will press the pedal in the second half. Merchandise exports contracted for the third time in four months in January and the finance ministry in a recent review admitted the shipments

might show tepid growth in the short term, "as the major export markets of India are forecast to decline sharply in 2023".

Given the spike in retail inflation to a three-month high of 6.52% in January and the stickiness of "core inflation", the Reserve Bank of India (RBI) is widely expected to go for another round of rate hike in the current cycle, even as the repo rate is already at 6.5%.

Though there are indications that the recession in advanced economies will be milder than perceived earlier - there was a steadying of global economic activities in February after seven months of decline going by the S&P PMI surveys - the geopolitical uncertainties persist. While agriculture has been a bright spot in the economy for some time, there are some concerns now about the winter crop with possible heatwave conditions adversely impacting the standing wheat and horticulture crops.

Banking liquidity continues to stay in deficit and there are signs of a slowing of credit growth. G-sec yields have risen steadily in line with the US

treasury yields and the uncertainty on the economic front has led to inversion of the bond yield curve.

Growth in Gross Value Added (GVA) in Q3 FY23 is pegged at 4.6%, higher than the GDP rate, because of higher subsidy releases in the quarter. Private final consumption expenditure (PFCE) grew just 2.1% on year in Q3. Gross fixed capital formation (GFCF) grew 8.3% on year in the quarter, thanks also to a low base (1.2%), and its share in GDP declined from 34.7% in Q1 to 31.8% in Q3. The government, mindful of fiscal strains, curbed its spending too, reporting negative year-on-year growth rates in government final consumption expenditure (GFCE) in both Q2 (-4.1%) and Q3 (-0.8%).

DK Srivastava, chief economic adviser at EY India, noted: "In the first advance estimates, the contribution of net exports to real growth was -2.8% points. This has improved by nearly 1% point to -1.9% points (in the second advance estimates). This was counterbalanced by a fall in the domestic demand components, especially in private and government consumption expenditure. Thus, domestic demand appears to have weakened relative

NOTICE FOR POSTAL BALLOT AND REMOTE E-VOTING DETAILS
NOTICE is hereby given pursuant to Section 110 read with Section 108 and other applicable provisions, if any, of the Companies Act, 2013, ("Act") (including any statutory modification or re-enactment thereof for the time being in force), read with Rule 20 and 22 of the Companies (Management and Administration) Rules, 2014, ("Rules"), Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") and the Secretarial Standard on General Meetings issued by The Institute of Company Secretaries of India ("SS-2"), each as amended, and in accordance with the guidelines prescribed by the Ministry of Corporate Affairs ("MCA") for holding General Meetings/Conducting Postal Ballot process through e-voting vide General Circular Nos. 14/2020 dated 8th April, 2020 read with General Circular No. 17/2020 dated 13th April, 2020, No. 22/2020 dated 15th June, 2020, No. 33/2020 dated 28th September, 2020, No. 39/2020 dated 31st December, 2020, No. 10/2021 dated 23rd June, 2021, No. 20/2021 dated 8th December, 2021, No. 3/2022 dated 5th May, 2022 and No. 11/2022 dated 28th December, 2022 (collectively the "MCA Circulars"), and other applicable laws and regulations, as amended from time to time (including any statutory modification(s) or re-enactment thereof for the time being in force), to the Members of Mangalam Cement Limited ("the Company") in respect of passing the special resolutions as set out in the Postal Ballot Notice dated 11th February, 2023 through Postal Ballot by remote e-voting process only ("remote e-voting"). Pursuant to the provisions of section 110 of the Act read with the Rules and the MCA Circulars, your Company has an option for the above mentioned resolutions, to seek the approval of the Members through Postal Ballot (via remote e-voting only), instead of getting the same passed at a General Meeting. Accordingly, if the resolutions are approved by the Members through Postal Ballot via remote e-voting, it shall be deemed to have been passed as if the same has been passed at a General Meeting of the Members convened in this regard. In compliance with the MCA Circulars, the Notice of the Postal Ballot has been sent/emailed on 28th February, 2023 by electronic mode only to those members whose names appear in the Register of Members/ List of Beneficial Owners maintained by the Registrar and Share Transfer Agent ("RTA") of the Company/Depositories respectively as at close of business hours on Friday, February 24, 2023, (the "cut-off date") and whose e-mail IDs are registered with the RTA of the Company/Depositories. As per the MCA Circulars, physical copy of the Notice, postal ballot forms and pre-paid business reply envelopes are not sent to members for this Postal Ballot. Members are requested to provide their assent or dissent through remote e-voting only. Further, the members who have not registered their email IDs can get register the same in the manner provided in the Notice of Postal Ballot. The Company has engaged the services of National Securities Depository Limited ("NSDL") to provide the remote e-voting facility to the Members. A person whose name is recorded in the register of Members or in the register of beneficial owners maintained by the RTA of the Company/Depositories as on the cut-off date i.e. Friday, February 24, 2023 shall be entitled to avail the facility of remote e-voting on the businesses as set out in the Postal Ballot Notice. The remote e-voting shall commence on Wednesday, 01st March 2023 from 9.00 a.m. (IST) and ends on Thursday, 30th March 2023 at 5.00 p.m. (IST). The remote e-voting module shall be disabled by NSDL for voting thereof and remote e-voting shall not be allowed beyond the said date and time. The detail instructions for remote e-voting for physical shareholders and Demat shareholders are provided in the Postal Ballot Notice. Once the vote on a resolution is cast by the Member, the Member shall not be allowed to change it subsequently or cast the vote again. The voting rights of Members shall be in proportion to their share in the paid-up equity share capital of the Company as on the cut-off date. Process for those shareholders whose email ids are not registered with the RTA/Depositories for procuring user id and password and registration of e-mail ids for e-voting for the resolutions set out in this notice: i. Members holding shares in physical mode are requested to send Form ISR-1, SH-13, ISR-2 (if signature is not match with Company's record) to the registered office of the Registrar and Share Transfer Agent ("RTA") of the Company i.e. MAS Services Ltd, T-34, 2nd Floor, Okhla Industrial Area Phase-II, New Delhi-110020 for receiving the Postal Ballot Notice, remote e-voting instructions and User ID & Password. ii. Members holding shares in demat form are requested to register/update mail id with your Depository Participant ("DP") and generate password as procedure given in e-voting instructions in the postal ballot notice. Members may note that the Notice is also available on the Company's website www.mangalamcement.com and also on the websites of the Stock Exchanges, i.e., BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and also on the website of NSDL at https://evoting.nsdl.com. A person who is not a member as on the cut-off date should treat this Notice of Postal Ballot for information purposes only. Shri Akshat Kumar Jangid, Practising Company Secretary (Membership No. FCS 11285; C.P. No. 16300), has been appointed as the Scrutinizer by the Board of Directors for conducting the Postal Ballot through remote e-voting process in a fair and transparent manner in accordance with the applicable provisions of the Act & Rules. On the completion of the scrutiny of remote e-voting of the Postal Ballot, the Scrutinizer will submit his report to the Company Secretary or any other authorised person by him, within prescribed timelines. The results of the Postal Ballot will be declared by the Company Secretary of the Company or any other authorised person by him at the Registered Office of the Company at P. O. Adityanagar - 326520, Morak, Dist. Kota, Rajasthan within two (2) working days of the completion of the Postal Ballot. The resolutions, if passed by the requisite majority of Members, shall be deemed to have been passed on Thursday, 30th March, 2023 i.e. the last date specified for receipt of votes through remote e-voting process. The results of the Postal Ballot will be posted on the Company's website www.mangalamcement.com & NSDL e-voting website www.evoting.nsdl.com besides communicating to the Stock Exchanges where the Company's shares are listed. demic in its tracks. The Bill and Melinda Gates Foundation says that within 12 days of the first death due to Covid-19 reported from Wuhan, they started work on the pandemic, with a \$5-million support to deal with the emerging threat. "That initial \$5 million toward addressing Covid-19 became \$100 million by February 5, 2020, and \$250 million by April 15, 2020. All told, our foundation has committed more than \$2 billion to address the pandemic," the foundation says.

Not just the pandemic, the foundation works on a myriad of healthcare issues, including HIV, polio, and tuberculosis, maternal new born and child health, family planning, nutrition, and water, sanitation, and hygiene. This will be the first Ramnath Goenka lecture after the pandemic. The lecture, named after the founder of The Indian Express, has been delivered by then RBI governor Raghuram Rajan; former President Pranab Mukherjee; former Chief Justice of India Ranjan Gogoi; and external affairs minister S Jaishankar. After the lecture, Gates will be in conversation with Anant Goenka, Executive Director, The Indian Express Group.

7% growth forecast for FY23 'very realistic': CEA

The GDP growth of 5.1% is possible in the January-March quarter, he added. India's economy recorded an annual growth of 4.4% in October-December 2022, down from 6.3% in July-September 2022. He said there are enough signs that manufacturing is in good health, but India has to be prepared to deal with El Nino and weather-related uncertainties. The manufacturing sector's output, as per the gross value added in Q3 FY23, contracted 1.1% compared with a growth of 1.3% in the year-ago period. Nageswaran, however, said "manufacturing sector is in good health. Core sector data and high-frequency indicators show continued growth momentum".

The production of eight core sector industries grew at a 4-month high of 7.8% in January. Acknowledging the risks from global and local inflation, the CEA said that policymakers need to be ready with supply-side and monetary policy measures to tackle inflation uncertainties. "There has been a slight uptick in the inflation data for January and RBI has also maintained its forecast that inflation will come down gradually. We do have some uncertainty related to the monsoon because of El Nino activity. So, we should be ready with supply-side and monetary policy measures in the next financial year," Nageswaran said.

The Economic Survey has projected economic growth to be 6.5% in FY24. Downside risks dominate in relation to the 6.5% growth forecast for the next fiscal, he said. "There are upside risks as well. And that comes from let's say, the limited impact of crude oil prices. Maybe in the second half of the new financial year, monetary policy may come to a halt in terms of tightening in the developed world and may even reverse in the second half of the financial year, leading to improvement in capital inflows," the CEA said.

পেশা পারাশর্য প্রভৃতি গ্রামিনী-কর্মীদের মাধ্যমে গ্রামে আসে। দ্বিতীয় বাণিজ্যিক মল্লক বিপাকের ফেনে কলকাতা মল্লকদের পরিচিত ইলিম এনে প্রথমে গুণে ভেদ করে আমেরকে নিয়ে আসে। তার গ্রামিক অসুখান্ন সর্গ সাক্ষি থেকে এই আমেরী লালার সোনে হাজারেতে আসে। তবে কায়শান্ন আমেরনে পুরোপুরি পুণে পেয়ে বঝোবারে আগের অণ্ডন নালান একটি গ্রামিনীকে কায়শান্ন। জালাপাশর্য কায়শান্ন কায়শান্ন জরি, পুর্কি চুকি হৈরী করা জরি
